

This is what could go wrong in LA

A similar transformer at the Canyon Crest school exploded recently, causing massive community wide-power outages. It triggered emergency response from the LAFD and the LAPD.

*At this instant 70-year-old pine trees in Bel Air are set to be destroyed to ANOTHER **Transformer**—Canyon Crest* *make room for yet **high-risk electrical** 40 feet from the pre-school.*

Help us stop this madness! Check out this petition:
